

## Sunday Service Recording FAQs

**1. Why are you recording the service?**

*To serve our extended Sunburst family who might not be able to attend in person, our Sunday services are recorded for upload to our YouTube channel.*

**2. Will I be filmed?**

*No. The camera is strictly focused on the Sunday Service minister, and no one else is visible on the recording.*

**3. Can people see me who aren't here?**

*No. Camera angles do not include views of attendees.*

**4. Will the recording be published?**

*Yes. The recording will be edited, then uploaded a few days later to YouTube.*

**5. Will my singing be recorded and published online?**

*No. In-person singing is edited out and replaced with pre-recorded music prior to publishing on YouTube.*

**6. Is filming temporary or permanent?**

*To serve all who cannot attend in person, we plan to continue recording our Sunday services and uploading to YouTube.*
